The Quebec Ministry of Culture and Communication is promoting September 28-30, 2018 as a time for Quebec to celebrate the unique cultures throughout the province. These "Journées de la Culture/Cultural Days" encourage the various regions of Quebec to promote their heritage.

The Cultural Association of Low is encouraging residents and past residents of all areas of Low Municipality to participate in activities to be held at the **Low Heritage Hall on Saturday, September 29, 2018 between 10:00 and 4:00.**

A variety of activities at the Heritage Hall will revolve around this year's Quebec theme of "**Les Mots/Words – Our Heritage Past and Present**". These activities will include local municipal Scrabble and trivia challenges and a chance to plot your individual family name(s) on a Low Municipality Tree. Picture and video presentations from "Low Municipality – Reflections of the Past" will be on continuous display.

As a way to promote our rich heritage in Low Municipality, there is a continuous effort to capture pictures that depict Low's past history prior to 1945. Those who may have such items are encouraged to share them in a computer heritage photo file being developed by Donnie Kealey. Photos can be scanned on the upcoming September 29th Cultural Day and returned to owners immediately.
