R. & M. Legare Contractors  
Chelsea, Quebec

Gentlemen:

This letter confirms that R. & M. Legare Contractors can proceed immediately with the masonry construction for the Cascades Club (squash courts) addition @ 80¢/ block, including placing the reinforcing, plus \$70/yd. for placing reinforcing concrete, with the understanding that:

A. R. & M. Legare agrees to: 1. provide all necessary labour, tools and equipment to complete the work, as early as possible, 2. follow all local building by-laws and safety regulations, 3. accurately follow the dimensions and notes shown on the drawings (7707 / A1 to A10), 4. begin work as soon as possible, continue work on every day with good weather and take precautions to prevent the mortar from freezing before curing.

B. The Cascades Club agrees to: 1. pay for all work done, 2. pay for all building materials, 3. move all blocks inside squash court walls, 4. provide an area inside the club house with some heat for use during lunch and coffee breaks.

I trust that the above is in agreement with our recent discussion and to your satisfaction. Please sign one copy and return it to me for our records.

Yours truly,

*A Hopkins*

Alan Hopkins  
President  
Cascades Club

*Robert Legare*
